

VENTILATION SYSTEMS & EQUIPMENT

AIR POLLUTION CONTROL

**Donaldson Co. – Torit®**www.donaldson.com

PowerCore ® filtration technology, cartridge dust collectors, bag-houses, envelope collectors, high efficiency cyclones, fume exhaust systems, DWS Downflo® WorkStation, WSO mist collectors, modular media filters, centrifugal mist collectors, adjustable flexible arms, and hoods.

**Met-Pro Environmental Air Solutions**www.mpeas.com

Wet and dry fume scrubbers, mist eliminators, NO_x control systems, air strippers, particulate scrubbers, odor control systems, fans, hoods, tanks and duct.

**Vac-U-Max Company**www.vac-u-max.com

Industrial vacuum cleaning systems including wet/dry type, portable or central and air operated, along with all necessary tools and hose. Explosion proof designs for combustible dust requirements.

EXPLOSION SUPPRESSION SYSTEMS

**Fenwal Protection Systems**www.fenwalprotection.com

Industrial explosion protection including vents, suppression and isolation.

FANS & BLOWERS

**Cincinnati Fan & Ventilator Co.**www.cincinnati-fan.com

Cast aluminum pressure blowers, material-handling exhausters, axial wall and duct fans. Specializing in OEM applications & designs.

**Hartzell Fan, Inc.**www.hartzellfan.com

Axial and vaneaxial fans, industrial exhausters, roof ventilators, centrifugal fans, marine duty fans and make-up air heating units, in stock. Gas-fired make-up air heating equipment Complete FRP product line including centrifugal and axial fans and dampers.

**IAP, Inc.**www.iapfan.com

Engineered fans and blowers for abrasive, high temperature and paper trim applications.

NOISE ABATEMENT

**dB Noise Reductions, Inc.**www.dbnnoisereduction.com

Industrial fan silencers, flex connectors and accessories.

AIR MOVING & TEMPERING

**American Warming & Ventilating**www.awvdampers.com

Industrial volume control & isolation dampers, back draft dampers, inlet vanes and diffusers, stationary & adjustable louvers and penthouses.

**Rupp AMS**www.ruppams.com

Direct and indirect make-up air heating equipment including exhaust and air make-up fans. Complete kitchen ventilation systems including hoods, duct and air handlers.

ANCILLARY COMPONENTS

**APC Technologies, Inc.**www.apctechnologies.net

UHF® Ultra High efficiency Filtration system, venturi & gas scrubbers, thermal and catalytic oxidizers and carbon adsorption systems.

**All Star Products**www.all-star-usa.com

Regenerative blowers/exhausters, vacuum pumps, and custom blower packages.

**American CoolAir Corporation**www.coolair.com

Propeller fans, roof ventilators, and axial fans.

**Dual Draw, LLC**www.dualdraw.com

Downdraft booths, downdraft tables, unique work benches and walk-in hood designs.

**Lenze/AC Tech**www.actechdrives.com

Variable speed drives and remote monitoring control packages for fans/blowers and dust collectors.

**IPF/Colasit**www.ipfcolasit.com

Corrosion resistant fans in polypropylene, PVC, FRP and Kynar construction.

**IPF, Ltd.**www.ipflimited.com

FRP, PVC, CPVC, polypropylene constructed duct, fittings, hoods, louvers and fans.

**North Atlantic Associates**

Thermal and acoustic blankets and wraps.

**National Turbine Corp.**www.nationalturbine.com

Vacuum conveying systems - portable and centralized. Multi-stage centrifugal vacuum producers and pressure blowers.

**Noise Suppression Tech, Inc.**www.noisesuppression.com

Soft sided and flexible wall sound barrier equipment and absorption material. Rigid noise enclosures, modular acoustic rooms and accessories.
